

# CELEBRATE SAFETY

Your safety is Leadpoint's top priority. Period. Keeping you safe on the job is a commitment we take seriously, from Day One and throughout your employment. To get you prepared to LiveSafe, you have to start safe. That's the idea behind Start Safe, LiveSafe. It's a 90-day roadmap for getting every Leadpoint associate the training, skills and resources they need to be safe in the MRF.

For the next 90 days, your Onsite Manager will provide resources to set you up for safety success. Along the road, there will be celebrations at 30, 60 and 90 days with things like free lunches, a Safety Stand-down, t-shirts, and the Why It Matters Tour presented by our CEO and Founder Frank Ramirez.

There's a lot to learn, but there's nothing that's more important to us, to you, and to your family. So, get ready to Start Safe, LiveSafe with Leadpoint!

**START SAFE**  
**LIVE SAFE**
